

**Exercise 25**

In the following, round to the indicated place value.

Round to the nearest ten.

(a) 386    (b) 2,931

---

**Solution**

Underline the tens place.

386

2,931

Check the number to the right of the underlined place. If it's 5 or greater, then raise the underlined number by 1, and if it's less than 5, then leave the underlined number as it is.

390

2,930
