

Exercise 27

In the following, round to the indicated place value.

Round to the nearest hundred.

(a) 13,748 (b) 391,794

Solution

Underline the hundreds place.

13,748

391,794

Check the number to the right of the underlined place. If it's 5 or greater, then raise the underlined number by 1, and if it's less than 5, then leave the underlined number as it is.

13,700

391,800
